

# /igh/ Sound Family Roll and Write

Level 6

## You will need:

- dice
- pencil or pen
- dictionary

Roll the dice to get a number. Write a word for each spelling of the /igh/ sound family for that number.

To help you think of a word for each spelling, think carefully about:

- where the /igh/ sound is in a word;
- how many syllables it has;
- what letter follows the /igh/ sound.

You could use the [/igh/ Sound Family Sheet](#) to help you think about when each grapheme is likely to be used.

Once you have filled your grid, use a dictionary to check the spellings of your words.
